Trainees Testimonials

"Training at Sarmang Academy was a very wise decision as it has not only helped me in building up my basics but also helped me in my career growth."

Komal Singhal, CEO, Triumph Tech (P) Ltd.

"Its a great pleasure to write down my experience with Sarmang Academy, I can proudly say that I am among those people who was associated with Sarmang from beginning, I joined as a trainee and it was a great learning for me to cherish my knowledge and thanks a lot to our mentor who always guided me as a mentor rather than a senior who always gave me a chance to improve my skills."

Gufran Basit, Software Engineer

"It was an intelligent choice to choose Sarmang for summer training. I will be always thankful to Sarmang Academy for enlightening my career path."

Shivani Rawat, Software Engineer

"Training at Sarmang Software gave me an edge over my fellow mates. I was not only introduced to new technologies but also got an opportunity to be a part of live projects."

Ankit Negi, Software Engineer, Accenture

"It was continuous learning experience at Sarmang Academy. I was witness of software (Parikshaphal) installation at Kasiga School, Dehradun. It was a great experience to learn the process of installing software at client side. As a software trainee, it is a great thing to learn and experience. I firmly believe that I can't get this opportunity anywhere other than Sarmang".

Vineet Saurabh, Software Analyst

"These day's software companies are having huge requirements of software engineers who are not only holding technical degrees but are also technically qualified to handle and manage different types of technologies Sarmang training provided me the best hands on technical experience which helped me a lot building my career in software industry."

Kritika Joshi, Software Engineer, Infosys, Banglore

"Sarmang Academy encourage students to think out of the box, it provides opportunity to broaden our knowledge beyond our field of study."

Rajat Goel, Software Engineer, Oracle, Banglore

"The best thing which I liked about Sarmang Academy is; it's training procedure It emphasis on finding the best solution of a problem rather than just an answer, it encourages students to use their technical skill, analytical & logical thinking which helps us in building self-confidence and boost our morale ."

Mitul Jain, Managing Director of Software Company

"Training at Sarmang made me divergent thinker that developed an ability to come up with creative & innovative solutions"

Divya Mishra, Software Engineer
